BACK SUPPORT BELTS

We offer 3 outstanding belts for back protection! These are high quality belts. Made in the U.S.A. ! All belts come in black.

Model OK-505

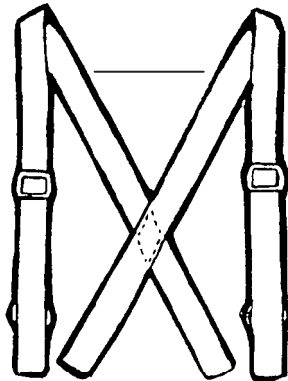

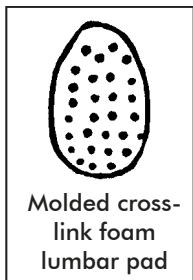

This industrial back support belt is designed to help reduce the incidence of lower back injury by providing firm, comfortable support to the lumbar region and abdominal area during lifting and repetitive motion situations. The belt features a double closure system, removable suspenders and four built-in metal stays across the back. It is constructed with high quality, power-knit nylon and powerful elastic webbing for durability and breathability. The use of rubber stitching on the inside of the belt helps keep it from riding up in virtually any range of motion. Belt is 8 inches high in back.
