Our premium insulated Thermal Tote is 20.5" long x 13" wide x 18" tall.

Our economy class insulated ice cream tote features a water and rip resistant quilted nylon shell with poly-fiber insulation.

This tote zips open around three sides of the top, and opens to a size of 15" x 22" x 15". A handle is sewn on to each end.

Constructed of heavy nylon canvas, it has a beefy zipper with snap-down ends, and dual strap carrying handles, which can quickly and easily be reduced to one handle with a velcro wrap. The inside liner is washable PVC.

Specially designed to be the perfect solution for transporting fast-melt items from truck to freezer.
