Delivery Doctor

Offers Solutions...

Magcoa continues to work hand-in-hand with the beverage industry. When beverage distributors were looking for ways to decrease cost and increase efficiency, we developed the **Bulk Delivery System**. Similarly, when we were presented with the challenge of developing a system for stocking point-of-sale coolers, we stepped up and introduced the **Mac 12**.

This system revolutionizes the way coolers are managed. The carts are stocked up, kept in the walk-in, then brought up to the point-of-sale coolers as needed. By being able to bring cold product to the coolers, warm product, stock rotation, and customer dissatisfaction are virtually eliminated.

Mac 12 Features:

- ◆ Can be pre-loaded by account at the warehouse
- ◆ Tilt design allows easy maneuvers in tight places. Spins on it's own axis
- ◆ Folds flat for compact storage, reducing shipping costs
- ◆ Lightweight design is easily transported
- ◆ Heavy-duty understructure for maximum durability
- ◆ High capacity design reduces number of trips
- ◆ Modular construction for easy replacement of damaged components
- ◆ Adjustable / removable shelf to accommodate a variety of products
- ◆ Handle height is adjustable

FORMED DECK PLATFORM TRUCKS

Smooth Plate Model

Tread Plate Model

- 2,500 lb. Capacity
- Formed deck design reduces waviness over time
- Supplied with heavy duty cast iron core casters as standard.
- Available in two different sizes:
24" W x 48" L and 30" W x 60" L
- Can be ordered in either smooth or treadplate deck

CUSTOM SIZES ARE AVAILABLE

ALUMINUM PLATFORM TRUCKS

Industry exclusive side rails actually lock the 0.100" deck in to provide strength and resistance to twisting and deck curling. This side rail also allows field installation of the protective bumper and deck carpeting. These features, combined with our standard setting heavy-duty understructure, make this the best platform truck on the market, hands down.

Side rails (above) and heavy-duty understructure (left)

Available with Smooth Plate, Tread Plate, or Carpeted Decks.

Featuring a **2 YEAR WARRANTY!**

Full protective bumper available on all models in standard black or gray non-marking
